Impacting your
workplace for Christ

SALINE SOLUTION

- Do you have questions about faith at work?
- Is expressing my faith legal?
- Is it practical?
- Would I have time?
- Would I get into trouble?
- How could I get involved?

Every Christian health professional has a unique opportunity to improve their patients' physical and spiritual health, but many feel frustrated by the challenge of integrating faith and practice within time constraints and legal obligations.

However, the medical literature increasingly recognises the important link between spirituality and health* and GMC guidelines approve discussion of faith issues with patients as long as it is done appropriately and sensitively.**

In our contact with patients we are called to be 'the salt of the earth' - flavouring life with grace and truth. *Saline Solution* is designed to help Christian healthcare professionals bring Christ into every day work. It has helped hundreds become more comfortable and adept at practising medicine that addresses the needs of the whole person.

The course is aimed at helping us draw patients in a natural way one step closer to a relationship with God, through recognising God-given opportunities to touch them with his love without being pushy, forced or offensive.

DONATIONS

We are very grateful for the generosity of those who are able to make additional donations over and above the conference fees. We rely on these to subsidise the conference fees for students, missionaries and families who may be unable to pay the full costs themselves. Donations also help us to be generous to our speakers. Even if you are unable to attend the conference, please consider making a donation.
