

Heard about [Deep:ER Fellowships](#)?

Do you have **one to three weeks** to give to CMF?

Join us from home or in the office to work on a short project to help medics and nurses live and speak for Jesus Christ

Opportunities to make a difference include:

Research a topic and write a blog/article with CMF
Welcome scheme
Helping with the transition process for graduating students
Archiving and helping clear old files
Video resource creation
Electives page
De-duping of records on iMIS
Writing to all members who pay via standing order asking (nicely) if they would be willing to pay correct subscription rate (quite an arduous task as it is something that cannot be simply done via mail merge)
Audio visual assistance at conferences
Updating mission agency details /service options on Global website
And many more possibilities...

For more info email John on volunteer@cmf.org.uk
