Springfield Surgery is an established and growing GP Practice with a list size of 6,000 patients and 5 GPs (3 partners and 2 salaried) in an ethnically mixed/majority south Asian community. We believe it is possible to have joy in everyday work in General Practice and nurture this by promoting high quality, compassionate care with a strong emphasis on working for the good of each other in our team. These are some of the things that we think are important:

- **High quality clinical care:** We have monthly clinical meetings to help keep up to date and share knowledge.
- **Education:** We are a training practice for GP registrars and would like to teach medical students.
- **Compassion:** We care for our community and value the relationships that help us to make a difference to families.
- **Teamwork:** We are a small but growing, friendly practice team. We recognise the importance of coffee and lunch breaks as time to support and encourage each other.
- **Thinking differently:** We aren't afraid to think differently in order to overcome the challenges of NHS general practice.
- **Fairness:** We will offer a salary depending on previous experience and the standard BMA contract. We want you to flourish as part of our team.

We are looking for:

- A salaried GP who wants to contribute to the life of the practice and make a difference in our community.
- 3-6 sessions a week. We have some flexibility regarding days and times of sessions.
- The practice does have a Christian ethos but applicants of all faiths and no faith are welcome to apply.

We are willing to wait for the right person.

In the first instance please send a letter of interest together with your CV to Dr Elizabeth Phillips GP Partner: [Elizabeth.phillips@nhs.net](mailto:Elizabeth.phillips@nhs.net)
