

Developing Health Course

Leaving no one behind

10-16 July 2022 | London School of
Theology

The Developing Health Course is ideally suited to update, equip and inspire people who are committed to global health, whether you are preparing to go outside of the UK to work, returning for a short break and want to update your learning, or considering whether getting involved in global health work is for you.

The course materials cover strengthening healthcare systems, specific healthcare interventions as part of an integrated and multi-disciplinary setting, and learning to lead, learn and teach in such settings. The course is taught by a broad range of highly experienced and skilled healthcare professionals who have all worked in global health and mission.

Our 2022 course will run 10-16 July at London School of Theology (LST), Green Lane, Northwood HA6 2JW. As this is a new one-week format, we will be running concurrent streams on Monday, Wednesday and Friday and will ask delegates to choose a stream in advance.

OVERVIEW OF THE WEEK
