

A top-down view of several open paint pots in various colors (blue, green, orange, red, black) and a paintbrush, scattered on a dark, textured surface. The paint has been used to create abstract, colorful patterns on the surface.

WEEKEND

**CREATION REGAINED**  
FINDING OUR STORY WITHIN GOD'S STORY

27-29 October 2017  
Hothorpe Hall, Leicestershire

Junior Doctors' Conference

## CREATION REGAINED

## PROGRAMME

*Juniors' conference is a place to reset, refocus and remember God's presence with us daily in what can be the very difficult world of medicine. Particularly in my ST1 year it provided an opportunity to meet fellow medics and share our challenges, as well as see the older trainees who had conquered them. This was invaluable and I may not still be in medicine without those times of discussion and prayer!*

ST2 Paediatrics, Southampton

A conference for all junior doctors, from FY1 to senior registrar, and those taking time out of training.

As a junior doctor, work can be all-consuming and demanding. What is the significance of your life here on earth? Are you just a cog in the machine of the NHS? How does your faith relate to your work? Are you only to be a moral person until Jesus comes again and takes you to heaven?

These talks will explore the big story of the Bible - creation, fall and redemption - because it's only within *his*-story that we can find the meaning, purpose and significance that we crave for our 'small' stories as Christian medics.

## SPEAKER

### Jim Paul

*is director of L'Abri Fellowship, a community in Hampshire which provides a place for people to ask their questions about the truth and relevance of the Christian faith. Previously he trained as a Consultant in Palliative Care and worked part-time as a CMF Student Staffworker. He is married to Merran and has two teenage boys.*
