Would you like to explore the issues around being a Christian in your workplace?

Do you want to be more effective in showing God's love to your patients in a way the GMC and our other registration bodies encourage?

If so the **Saline Solution** may be a toolbox you would like to explore. The training will be delivered in three evening sessions at monthly intervals to allow practical experience to feed into discussion.

The sessions will start with a simple meal and will be facilitated by Janet Lefroy (a local GP) and Georgie Coster (a nurse)

We would love you to join us.
