

7 Days of prayer
for nurses

8-14 May

Caring BACK

Nurses need
OUR PRAYERS!

From birth to death, nurses impact your life. They care for us and our relatives in our most vulnerable times, often going the extra mile in challenging circumstances.

Join us in praying for those who care

#Thank **GOD 4 nurses**

Please **PRAY** for...

Day 1

Today, please pray for nurses across our nation and across the world to show in the care of their patients the love and compassion that God showed us in sending Jesus. (Philippians 2:5-11, 2 Corinthians 13-5)

Day 2

Today, please pray for nurses working in understaffed and overstretched teams - for encouragement, rest, support and good leadership as they seek to give the best care under challenging circumstances. (Matthew 11:28)

Day 3

Today, please pray for student nurses to grow in confidence and competence and for a strengthening of their sense of calling to the work. (Colossians 3:17)

Day 4

Pray that at CMF we can create great Christian community for our nurses through our local groups and through events. Pray that isolated, discouraged and burnt-out nurses will find fellowship and refreshment through the CMF family.

Day 5

Today, please pray that the voices and role of nurses across the world in strengthening the health and well-being of their communities would be recognised and supported by governments, churches and other institutions. (Proverbs 3:19)

Day 6

Today, please pray for Christian nurses facing challenges to their freedom of conscience and openness about their faith in secular workplaces; that they can be faithful witnesses while keeping their integrity and giving the best care to their patients, working within the guidelines of the profession. (1 Peter 3:13-17)

Day 7

A prayer for nurses- 'Heavenly Father, strengthen the hands and hearts of nurses to show your love and care for those in need, to grow in competence, and to act as examples of compassion and selfless care, in the name of your Son who laid aside his glory to serve and die for us, Amen.'
