

**WANTED:**  
**BOLD MEDICAL ADVENTURERS**  
**FOR OVERSEAS IMPRISONMENT!**

**Integritas**  
values driven healthcare

**Hello!** We are [Integritas Healthcare](#) Community Interest Company, a Christian medical social enterprise based in North Yorkshire. As a not-for-profit company, we are able to be motivated by our Judaeo-Christian ethical values rather than financial gain. We provide clinical services to prisoners and other vulnerable patients, both in the UK and in Resource-Poor Countries. Our educational arm, [Petros Training](#), provides training (including SSCs) about medical ethics, deprivation medicine, social justice and medical politics. And we use our UK clinical income to fund our training and overseas activities. Our raison d'être is captured by Matthew 25:36, 'I was sick and you looked after me, I was in prison and you came to visit me'.

**Where?** This project is based on the beautiful western coast of the **Philippine** island of Luzon.

**Who?** Lead by experienced UK prison GPs, our teams work in partnership with [Philippine Outreach Centre Ministries](#) (POCM), which provides non-medical prison and childcare services. **We're looking for volunteers** who are sympathetic to the Judaeo-Christian worldview (but not necessarily practising Christians) including:-

**Dentists, dental nurses & dental hygienists**

**Junior doctors:** all trainees (from F1 to ST8) are welcome to enquire, most especially trainee GPs, dermatologists, ophthalmologists & paediatricians

**Nurses & HCAs:** all grades are welcome to enquire, most especially primary care & A&E nurses

**Opticians**

**Psychologists**

**Senior doctors:** all specialities are welcome to enquire but we have particular need for GPs, dermatologists, ophthalmologists & paediatricians

**Sonographers**

**Students:** pre-meds, dentists, medics & nurses... including elective students!

**'THE CLINICAL TEACHING WAS EXCELLENT!' (medical elective student)**

**What?** Depending on the composition of each team, we do:-

**Burns medicine:** assist [Triple B Care Projects](#) with burns care

**Care for carers:** run general medical clinics for POCCM's staff & their families

**Christian discipleship:** assist [Time For Change Ministries](#)

in running offender management courses (Winter only)

**Dentistry:** provide basic dentistry for prisoners, POCCM's looked-after children, staff & their families

**Health promotion:** run workshops for prisoners and POCCM's looked-after children & staff

**Medical research:** help International Health BSc students from the University of Leeds (Spring only)

**Medical training:** provide emergency medical and safeguarding training for POCCM's staff

**Offender healthcare:** run medical clinics for prisoners

**Paediatrics:** do child health surveillance on POCCM's looked-after children

**Play therapy:** play with POCCM's looked-after children

**When?** Our next few teams' dates and their emphases are:-

**Winter:** 25/2/17-11/3/17 - clinical medicine & offender management

**Spring:** 20/5/17-10/6/17 - clinical medicine & medical research

**Summer:** 6/8/17-26/8/17 - clinical teaching & clinical medicine

**Autumn:** 11/11/17-2/12/17 (TBC) - clinical medicine

**Cost?** You will need to fund your own travel insurance, journeys to & from your home airport, flights (~£400-£500 but up to £800 in the Summer), guesthouse accommodation (£10/night) and food (<£5/day). We cover most other expenses and can advise about fundraising. We do not charge for participation and teaching but we do ask that, especially if you are an elective student, you consider donating towards our drugs budget.

**Interested?** Then email us ([info@integritashealthcare.com](mailto:info@integritashealthcare.com)) for more details.

**Deadline?** You should book your flights (ideally the same flights that other team members are already booked onto) as soon as you're accepted. Flight costs rise each month and you will need plenty of time to get vaccinated... so don't delay! We close applications for each trip once we have a full, well-balanced team.
