The people walking in darkness  
have seen a great light; on those  
living in the land of deep darkness  
a light has dawned. Isaiah 9:2

Advent is a time of hope – looking forward both to the joyous celebration of Christmas and the even greater joy of the celebration of Christ's return and the coming of his Kingdom in all its fullness. It is a time of waiting, in the darkest season of the year for the light of Jesus to once again break out into our world.

Waiting is tough. Just ask any small child desperate to get to Christmas and having to patiently count down the days on the advent calendar with, at most, just a little chocolate each day to reward their patience. It is a hard lesson to learn, but we have to pass through the darkness of the winter months before we see the light of Christmas. In like manner, we have to pass through the suffering and darkness of this world before we see the light of Christ's return.

This year may feel a lot darker than usual – with COVID-19 cases rising rapidly, lockdowns tightening and acute hospital admissions soaring. We need the light of the Gospel more than ever!

But it is also in these long, dark nights of the soul that Christ is most present. It might not always feel like it, but he is with us. So please join with us in praying for those on the frontlines this Advent and Christmas time, and on into the winter, the spring and Easter. We do not know what is ahead, but we know that he is with us every step of the way.

## CHURCH ENGAGEMENT

### SUNDAY 27 DECEMBER

Pray for busy church leaders who deal with difficult pastoral issues around end of life care, infertility, abortion, sexuality and marriage. May they find resources and support to give wise counsel that is both biblical and compassionate.

### MONDAY 28 DECEMBER

Pray that CMF would increasingly be seen as a source of wise support for the difficult pastoral issues that church leaders face. Pray that our quarterly Churches E-News would reach more church leaders. Might you suggest it to your own church leader?

### TUESDAY 29 DECEMBER

Pray that CMF would be able to establish good relationships with a wide range of church leaders, especially those of ethnic minority churches, and of those networks who tend to shy away from parachurch involvement. Thank the Lord for initiatives such as healthcare Sunday in October, that helps to engage churches in prayer for healthcare workers.

### SATURDAY 16 JANUARY

Praise God for the international networks we have through ICMDA and NCFI, and in particular for the opportunities to have CMF resources translated into Chinese, Russian, Spanish and many other languages. ## SYD & STUDENT CONFERENCE

### SUNDAY 17 JANUARY

Unfortunately, COVID restrictions are such that we made the difficult decision not to proceed with the Sydenham Course (SYD 1) this week or the national Student Conference at the weekend. ### TUESDAY 19 JANUARY

May God grant them inspiration as we reach out in line with God's heart of mission, both to internationals living in the UK and as people go outside of the UK to serve God worldwide.

#### SUNDAY 7 FEBRUARY

**WEDNESDAY 17 FEBRUARY**

Pray for health service commissioners and managers to have wisdom in the design and delivery of services that are appropriately resourced and adequately responsive to those with disabilities. Pray for Christian healthcare managers who seek to serve the Lord under immense challenge – may they find support and fellowship in what can be lonely roles.

**THURSDAY 18 FEBRUARY**

Many disabled people can be made to feel devalued by attitudes to abortion and assisted suicide that prize ability and autonomy over their inherent value and human dignity. Praise God for those who are speaking out to change such views, such as Heidi Crowter, who has Down Syndrome and who speaks out against discriminatory abortion on grounds of disability.

**FRIDAY 19 FEBRUARY**

Pray for our members working in resource-poor countries, where disability can cause immense suffering. Club foot, cataract and obstetric fistula are just three examples of the many disabling conditions that can be transformed by the right care. Often this is provided by Christians who can combine compassionate care with pointing to the God of all healing.

**SATURDAY 20 FEBRUARY**

Pray for Christian health professionals whose careers are cut short through illness or injury, that they would find their value in God's view of them, not in their physical abilities and find new purpose and opportunities for service in their changed circumstances.

14-20 FEBRUARY

**DISABILITIES**

**SUNDAY 14 FEBRUARY**

Pray for those with disabilities to find love and fellowship in supportive local church settings. COVID restrictions and online church may have made this easier for some, and harder for others. May churches be alert to meeting the needs of disabled members.

**MONDAY 15 FEBRUARY**

Pray that churches would be places where those with disabilities are both shown value and made to feel valued. May we cultivate an understanding of human dignity and being made in God's image that is not dependent on our physical or mental abilities. Pray for the right mental health support for those for whom limitations can easily lead to depression and feelings of worthlessness.

**TUESDAY 16 FEBRUARY**

Pray for health systems in many nations which have struggled to maintain regular services for disabled patients during COVID restrictions. Help them to be creative, and determined to meet the needs of the most vulnerable, without allowing the urgency of COVID to prevent this.

Pray for organisations working hard to provide a place of refuge and safety for women, and for women trapped in abusive situations to find the courage to reach out for help.

**SATURDAY 13 MARCH**

Many women feel the responsibility of being a 'homemaker' alongside their professional commitments. This 'Superwoman' complex can be exhausting and contributes to anxiety, depression and burnout. Pray for the women most precious to you and lift their mental health to the Lord. Pray for God's perfect peace to bring freedom from unrealistic expectations and to replace feelings of insufficiency.

SCHOOL OF THE WEEK

Manchester

### SUNDAY 14 MARCH

Pray for Jennie Pollock, the Associate Head of Public Policy at CMF, as she develops with our CEO, Mark Pickering CMF's strategy for engaging with the issues at the cutting edge of healthcare's interface with the Christian faith.

### MONDAY 15 MARCH

Pray for CMF members serving in the ethics committees and other subcommittees of the BMA, Royal Colleges and other professional bodies; that they might be salt and light in these institutions.

### TUESDAY 16 MARCH

Pray for CMF members working in paediatric medicine and General Practice who face the growing challenge of caring and prescribing for transgender children and adolescents. For wisdom, compassion, integrity and courage as they seek to do the best for these young people in an increasingly controversial area of medicine.

MONTH (March)

### WEDNESDAY 17 MARCH

Pray for those CMF members who have, or are still facing discrimination, disciplinarys and other hostility in the workplace, for speaking out or taking a stand on issues of faith and ethics. May they know encouragement and peace and be granted gracious words and wise responses to those who accuse them.

### THURSDAY 18 MARCH

Pray for all health professionals who find themselves having to whistle-blow on bad practice and poor leadership in their workplaces. Pray especially for those who must choose between keeping their job (and even their career) or standing up for the truth and what is right.

### FRIDAY 19 MARCH

The CMF Blog is a critical way in which we explore ideas and issues at the interface of Christianity, healthcare and bioethics in a public forum. Pray that God would raise up writers, thinkers and contributors to widen and deepen the scope of our blogs.

### SATURDAY 20 MARCH

Pray that God would raise up Christians in our nation, to speak the truth of the Gospel in all spheres of life, especially in the medical, midwifery and nursing worlds.

### STUDENTS

#### SUNDAY 21 MARCH

Pray for Christian healthcare students as they navigate this altered landscape, especially those starting their training. Pray that our students will be bold, sensitive and wise as they try to meet the needs of fellow students. Pray that they themselves will be kept safe and secure in the knowledge of God's love and protection so that they can offer a consistent witness to those around them.

#### MONDAY 22 MARCH

Pray for the 22 members of the National Student Council (NSC) and for Mike Roberts from Belfast who is taking over from Sophie Latta (Bristol) as Chair.

#### TUESDAY 23 MARCH

CMF aims to have two student representatives (or 'links') at every medical, nursing and midwifery school in the UK and Ireland. Pray for each one as they lead their local CMF groups and organise activities and meetings to build up and support students. Pray for their support and training during COVID restrictions.

#### REGION OF THE MONTH (March)

Scotland

#### WEDNESDAY 24 MARCH

Several new medical schools have opened recently, including (among others) Kent, Aston and Lincoln. Pray for Christian students at these new schools to discover CMF and get involved as links and committee members. May they be salt and light in their student communities. Pray also for graduate doctors, nurses and midwives nearby who can act as links to foster relationships with students.

#### THURSDAY 25 MARCH

Pray for the Student Team: Rachel Owusu-Ankomah (Head of Student Ministries), Laurence Crutchlow and Ashley Stewart (Associate Heads), and Marolin Watson (Coordinator) as they develop CMF's work with students, especially as the pandemic continues to create uncertainty around planning for the future.

#### FRIDAY 26 MARCH

*Nucleus* is the magazine for CMF student members, published three times a year. Pray for inspiration for Laurence Crutchlow as Managing Editor and this year's Student Editor, Rachel Middleton, as they commission and edit articles. Pray that *Nucleus'* content would meet the needs of students and inspire and equip them to live and speak for Jesus.

#### SATURDAY 27 MARCH

Please pray for final year students as they face the huge challenge of completing their training in a time of pandemic. Pray that graduating students will not sever their links with CMF but will continue their membership so that they can both benefit from, and contribute to, the work of the Fellowship.

## CMF GROUPS

### MEDICAL / NURSING / MIDWIFERY SCHOOL OF THE WEEK

Nottingham

#### WEDNESDAY 31 MARCH

Many junior doctors are meeting for support and encouragement. Pray for initiatives which include mentoring and 'buddying' schemes which seek to link local junior and student groups as well as juniors to more senior colleagues.

#### THURSDAY 1 APRIL

Catalyst Teams are a way to link and resource local groups both in an area but also across the country. Please pray for our Local Groups Catalysts as they seek to equip and resource local groups in their area.

#### FRIDAY 2 APRIL

Give thanks for wonderfully encouraging Catalyst Team meetings in South East Scotland! They ask, 'please pray for us as we seek to glorify God and follow his call to make disciples in the local healthcare context, in particular for our vision of prayer groups in all local hospitals. Please pray for patience, perseverance and joy, and for others to be inspired to play a part'.

#### SATURDAY 3 APRIL

In the coming weeks, we plan a Catalyst Leaders Training Conference, although there is uncertainty about exactly how this will go ahead with ever-changing COVID restrictions. Pray for wisdom as we plan this meeting, and that our Catalyst teams up and down the UK would be further equipped to serve Christ as they serve his body in the health service.

#### SUNDAY 28 MARCH

Praise God for several small groups, geographically-based, which exist in the West Midlands region. Some have recently formed since the coming of COVID, while some long-standing groups have continued on Zoom. Many are grateful for supportive contact and prayer. Please pray that we can reach many more in this region.

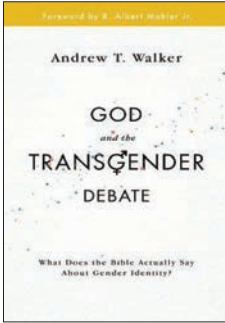

#### MONDAY 29 MARCH

Please pray that we would see the formation of workplace groups which seek to bless whole workplaces. Pray that we would see Christians healthcare professionals unite to be salt and light as well as to be a blessing at the highest level of organisational life.

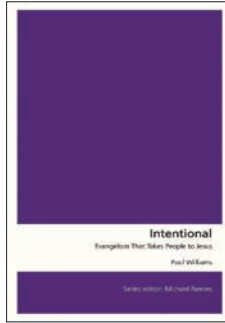

#### TUESDAY 30 MARCH

Merseyside CMF is thankful for the growth they have seen in the last two years. They ask that we praise God with them that he has been at work in growing them into a community. Please pray for them to have the strength to be salt and light in the weary and demoralised workforce around them.
