

FAITH : MEDICINE : LIFE

Deep **ER**

Fellowship

volunteer

Planning **an F3 year?**

Thinking through **options**
& considering **a year out?**

Why not go **DeepER?**

The CMF **Deep:ER Fellowship** programme gives you the opportunity to combine your faith and medicine, tailored to you. Join us to develop roots for a life of faith in medicine, being equipped to lead and disciple others.

At CMF we have a wealth of resources and opportunities to help you grow in your faith and to partner in the gospel: discipling student leaders, writing, speaking, growing as a leader and more.

“ *The year was amazing. The teaching and training was always useful and it was good to be challenged into giving talks and writing articles. I now feel more equipped to link medicine with my faith and to help others to do the same.*

Sarah, Deep:ER Fellowship Trainee, 2017

”

Fellowship options*

Could you be one of the 12?

1 Students

Want to see Christian medical students better equipped to handle student life? Join our growing student team as we seek to help students live and speak for Jesus. Contribute to the organisation and management of events, give talks locally, regionally and nationally, develop and project manage the way students transition from student years to juniors.

2 Global leaders

Want to look beyond the UK and grow your global outlook? Want to see student and junior leaders trained to establish CMFs in their countries? Help to organise one of our Sydenham conferences. Gain skills in event organisation and management and be part of the exiting spread of the gospel to all nations.

3 Leadership & growing teams

Interested in growing the next generation of leaders in the UK? Can you develop volunteer teams and work across an organisation? Can you develop an alumnus scheme where we can keep in touch with current and past volunteers? Join our National Field Director and work across multiple areas at CMF.

4 Leadership & management

Are you interested in leadership and management in the context of how businesses and charities are run? Learn how CMF operates from our experienced team and grow new skills. Gain knowledge in finance, administration, marketing and bookselling and much more.

5 Advocacy

Are you passionate about speaking up for those who have no voice? Do you long to see vulnerable people get justice? Then join us to research and write on issues at the forefront of public debate. Contribute to government submissions, write blogs, respond to media stories and much more.

6 Events

Are you excited about getting people together to encourage one another to live and speak for Jesus? Event management is a key skill in today's healthcare environment. Make events happen across a range of disciplines; organise and run breakfasts, day conferences and our flagship national conference.

7 Writing

Do you have a passion to wake people up and change the way they think? Coordinate writers' training to influence the next generation. Come and develop your writing skills as you contribute to blogs, and our tri-annual publications *Nucleus* and *Triple Helix*. Learn how a journal comes together from start to finish.

8 Communications

Are you interested in communicating with people in an engaging and relevant way? Want to grow and share your skills in areas such as video, podcast and audio content? Come and be part of our dynamic communications team as we communicate timeless truths in relevant and accessible ways.

9 Global

Passionate about cross-cultural mission? Join the CMF Global team and rethink the way you see the world. Raise up cross-cultural workers in medicine and nursing. Develop short term trips or help on Global Track where you can oversee advertising, selection and training of a cohort of students and juniors.

10 Nurses

Want to encourage Christian nurses? Join the nursing team and write, speak and lead as this new work takes off. Share in the joy of starting new creative initiatives, from nurse leader training days to retreats. Develop a welcome scheme for qualifying nurses and help them adjust to working life.

11 Evangelism

Passionate about sharing the gospel? Do you want to help medics and nurses do the same? Work with our Saline team who focus on sharing the gospel in the workplace. Coordinate our evangelism training scheme. Develop our Confident Christianity course. Equip yourself and others to speak truth into our culture.

12 Training

Have a passion to see medics and nurses equipped? Want to see juniors established in their new places of work through our welcome scheme? Join our training team as we develop multimedia resources across our new learning platform. Be a part of the new changes coming to our website.

*On application you can rank your top 3 options. We will endeavour to give you your first choice but this might not always be possible.

HEAD

Attend conferences, read widely, grasp apologetic and ethical issues; the knowledge you gain in this year will be invaluable as you combine medicine and faith. Preparing for working at home or overseas, you will have your mind informed and stretched.

HEART

Develop a godly character with disciplines that will stay with you in a pressurised medical career. Meet with your mentor, prioritise prayer – grow your relationship with Jesus.

HANDS

Try new things, develop your gifts and serve others. Lead Bible studies, deliver talks, go on a summer mission team and write. This year is about serving, growing and having the joy of seeing others grow as God works through you.

Training

The Deep:ER Fellowship programme has three key components:

- **Training:** more than 20 sessions focusing on a range of topics, from leading Christian medical discussions to end of life issues. We have 3 termly days away to learn more about God, ourselves and how to apply our faith to our working lives.
- **Fellowship option:** see overleaf
- **External training (optional):** we have joined up with external institutions* to offer theological/mission training one day a week alongside your time with CMF. This might involve doing short modules or longer modules over 1–2 years. If you choose not to pursue external opportunities you would undertake further training within CMF

*other modules can be considered

Time commitments

- One year – minimum one day a week (e.g. with up to four days locum/other work).
- Be based where you are.

What does it cost?

You will need to raise your ministry costs. This is a terrific opportunity to grow, live by faith, develop lifelong prayer partnerships and use money wisely. You commit to raising £2,000 which will cover up to £500 for training with an external provider, relevant conference fees, travel expenses and CMF's costs. We will support you in partnering with churches and individuals, developing a team of people to support you in prayer and in some cases financially for the year.

In partnership with

Other opportunities

If this programme isn't right for you, check out our other volunteer roles:

Deep**ER** Student Fellowship

For intercalating students who can give approximately one day a week for a year.
